

# CHECK YOUR DRINK STRIPS

5 Pack

Product Code: OT01385

## **Introduction**

The Check Your Drink – Drink Safety Test Strip is an easy-to-use drink spiking detection kit designed to help combat drink spiking.

## **How it works**

1. Dab your finger, straw, or stirrer into the drink.
2. Put a drop of your drink onto each of the test patches on the strip.
3. If the pink patch turns blue or the yellow patch turns orange, your drink has been compromised.
