

## HYLITE HEAD-LITE

Product Code: OT01479

### Contents:

- 1 x Hylite Head-Lite
- 1 x Adjustable Head Strap
- 1 x Type C charging cable

### Batteries

1 x 21700 lithium-ion (sealed), 4000mAh total capacity.  
Maximum battery life = 5 hours (if on constantly at maximum power level, see below).

### Charging

Check and charge fully before first use. Remove the light from the head strap before charging.  
Insert the cable into the charging port and connect the other end to a power source (max 5V, 1A).  
See the LED charge indicator for battery life; charge when low and disconnect when full.  
Full charge time = 3 hours.

### Operation

Single press the side button to cycle through the 6 modes as below:

- White Main Light 30% power
- White Main Light 100% power
- White Spotlight 100% power
- Both Main & Spotlight 100% power (= maximum power level; (2,000 lumens, 160 metres)
- Red Light 100% power
- Red Light Flashing

### Head Strap & Usage

The provided head strap is adjustable to fit different requirements. Simply loosen or tighten the straps as needed. The light unit can be removed from the head strap mount for easy charging and/or for handheld use as a torch, plus has a strong magnet on the opposite side to the operation switch for metal-mounting. The Head-Lite IP68 tested and has an operating temperature of -20 - 60 C.

### Warranty

This product comes with a standard 12 month warranty. Contact the below for details or claims.

### WARNING

Do not shine light directly into eyes.
